

Best Paper Awardees

S.No	Paper Title	Authors
1	Auto-VIA: An Open-Source Automotive Vulnerability Intelligence Aggregator with Contextual Risk Scoring for ISO/SAE 21434-Aligned Vulnerability Management	Siranjeevi Srinivasa Raghavan
2	AI-Enabled Smart Supply Chain Systems with Intelligent Risk Analysis and Secure Data Processing in Cloud Envi-ronments	Akshay Reddy Gangula
3	Explainable Artificial Intelligence for Cyber Risk Detec-tion, Threat Analysis and Decision Support in Intelligent Systems	Sreenivas Reddy Sagili, Rohan Kurma
4	Real-Time Intelligent Monitoring and Anomaly Detection in Smart Cyber-Physical Systems Using Deep Learning	Avinash Reddy Pothu and Sai Dinesh Mokkaapati
5	AI-Driven Cyber Risk Analytics for Secure, Intelligent & Resilient Smart Digital Systems	Abdul Hadi
6	Machine Learning–Driven IDS and Adaptive Security Architecture for Critical Infrastructure Protection	Amit Banwari Gupta
7	LLM-Driven Intelligent Traffic Analysis and Optimization in Cloud-Based Network Systems	Rasool Javeed Mohammad
8	AI-Driven Cloud Computing Systems Using Large Language Models for Workload Predic-tion and Resource Scheduling	Hastimal Jangid
9	Intelligent Cyber Risk Assessment and Adaptive Threat Mitigation Framework Using AI for Resilient and Secure Digital Ecosystems	Sujatha Lakshmi Narra
